Camp Ocean Pines, Cambria CA

Hi Everyone!

Wintersongs West is a 5-day gathering for songwriters that will again take place at our new California home, the spectacular Camp Ocean Pines overlooking the Pacific in Cambria, CA, on January 16th to 20th, 2014.

We are so pleased to have the legendary guitarist and songwriter Rick Ruskin, the fabulous Honeysuckle Possums, and our new pal Michael McNevin joining us at WinterSongs West! Also old favorites: Dale Laduke, Severin Browne and Penny Nichols, will be offering an all-levels buffet of classes in songwriting, guitar, singing, harmony, piano, performance, and more in addition to a full menu of concerts, coffeehouses, and song circles. Students and teachers alike will share songs, information, insights, trade stories and perform for the community we have grown to love.

And it all takes place less than an hour north of San Luis Obispo. Join us! And don't forget - the students bring a wealth of information and experience too, so be prepared for lots of great information-swapping! Class descriptions and bios are being added as I receive them!

Instructors & Classes

The Honeysuckle Possums:

Join Nicola Gordon, Susan Marie Reeves and Rebecca Troon of the beloved Central Coast group The Honeysuckle Possums as they demonstrate how...

Three Heads are Better Than One!

The Possums will present this three day workshop on how to form a cohesive and fun group. This is a workshop designed to lead you through the process of choosing partners, co-writing a song together, creating harmony parts for your song, arranging and performing your song. This all leads to having a song ready for your group to play for the student coffeeshouse on Sunday night!

This will be a three-day process so we strongly encourage you to come for all three days and bring your favorite co-conspirators to the party.

- Friday: Group co-writes
- Saturday: Group harmonies
- Sunday: Arranging and Performing

Storytelling - Mining Your Past, Mining Your Present:

What makes a song special, memorable, a keeper? Verse, chorus, bridge, and melody are the basic building blocks. But for many songs, it is the story in the lyric that makes it special. As storytellers, we'll explore songwriting angles, blend short fiction techniques with other songwriting and storytelling tools to mine your past, mine your present. Turn the details of big or small life experiences into song fodder, it's just a matter of spotting the story and deciding how to tell it.

Guitar - Alternative Tunings! (more to come)
