Carl Gage's Photos from Winter Songs West 2009

Carl has created a slideshow and is offering to send you hi-res or red-eye corrected copies! You can view the slideshow and see contact info for Carl below the slideshow.

Slide Show on how to use our Calendars

Clayton Hill created a slideshow to show you how to use the Calendars.

Note: You don't have to be a member of this site to see or post to the calendars, but you will have to log on here to get the username and password for posting gigs to the SummerSongs Calendars.

**Members: Login in to this page and access Members' Menu link "How to Use Calendars". That page includes username and password for the "real" calendars. If you've played around with the demo, it's time to post those gigs on the real thing!

**Members: To post photos to an album in our Photo Gallery you'll have to log on here. Use the same username and password that you would use on this page.

It is a good idea to resize your images before you upload them. 742 x 558 is a good size to allow for a good 4x6 print.

To add photos to an album you've already created, select your album and then see the album actions menu.
